

Neighbourhood Plan

Brief Update for Parish Council Meeting – 20th October 2021

Landscape Character Assessment (LCA)

- Our consultant (Bobby Browne of Wynne Williams Associates) has advised that his draft LCA report should be with us before the end of October.

Design Code

- The consultant preparing the Design Guide Document has advised that they have almost completed the mapping of the site analysis and the review of the relevant policy. They think they will be ready to share that with us by the end of this week. When that part of the work is completed they will be in a good position to start writing the design codes themselves.

NP Document

- A first draft of the NP Document has now been prepared and is with the Steering Group for comment and their further input regarding Policy Ideas.
